At This Meeting

- Welcome
- Introductions
- Project Overview
- Q&A
- Breakout Sessions

DBE Participants

- **Vijay Deodhar – 3D InFusion** (CADD/BIM, Transportation/Infrastructure, MicroStation, PowerRoads, AutoCAD, Civil3D)
- **Laquanna Peoples – Ace Private Security** (Unarmed Private Security, Patrol Services)
- **Joshua Pine – Advanced Government Services** (Traffic Control, Flagging)
- **Leon Araiza – Advanced Tribal, LLC**
- **Rose Rippee – Aligned Engineering, LLC** (Illumination Design, Erosion Control, Traffic Control, ADA Design/Inspection, Drafting)
- **Dave Conover – Akana** (Construction QC Management, HazMat)
- **Terry Hosaka – Akana** (Construction QC Management, HazMat)
- **Marcela Alcantar – Alcantar and Associates, LLC** (Concrete Flat Work)
- **Amber Ontiveros – Amber Ontiveros and Associates** (Change Management, Policy Development, Strategic Communications, DBE Compliance)
- **Hardy Li – Convergent Pacific** (Survey Staking, QA/QC, Structural Design & Inspection, Quality Inspection)
- **Beatriz Kieser – Crosscultural Now** (Spanish Translation, Spanish Language Training)

DBE Participants (cont.)

- **Laura Curry – Cultural Audit** (Public Outreach, Community Engagement, Media Production, Event Coordination, Executive Summary/Data Analysis)
- **Lori Pottratz – Cutter Construction Co, Inc.** (Trucking, Hauling)
- **Daniel Ambrose – Damac & Associates Clean, LLC** (Final Construction Cleanup, Janitorial, Pressure Washing, Landscape)
- **Shawn Mitchell – Emerio Design** (Civil Engineering, Construction Management, Construction Surveying)
- **Dan Adsit – Emerio Design** (Civil Engineering, Construction Management, Construction Surveying)
- **Riad Alharithi – Emerio Design** (Civil Engineering, Construction Management, Construction Surveying)
- **Jeremy Tjaden – Evergreen Developers** (Streambed Enhancement, Stone Embankment, Excavation, Clearing and Grubbing, Removal of Structure and Obstructions)
- **Rami Kaur – The Greenbusch Group, Inc.** (Acoustical Consulting, Noise/Vibration, Elevator Consulting, Mechanical Engineering, Audio/Visual Design)
- **Jackie Guilfucci – Jackie Guilfucci** (Bridge, Paving, Prestressed Concrete)

DBE Participants (cont.)

- **Hayley Reese – JLM Strategic Talent Partners** (Staffing Solutions, Staff Augmentation, Direct Hire, Talen Pool Building)
- **Ann Harrel – Justice and Sustainability Associates** (Public Engagement, Alternative Dispute Resolution, Mediation, Facilitation, Workforce Development)
- **Mark W. Hutchinson – Mark W. Hutchinson Consulting, LLC** (Submittals, Storm Facility and Pipe Engineering)
- **Mary Larkin – Northwest Watersheds, LLC** (Water Resources Engineering, Stormwater Planning and Design, Culvert Design, Stream Restoration Design, Sediment Transport)
- **Nancy Spanovich – Olmstead Legacy** (NEPA and Regulatory Impact and Mitigation Planning, Biological and Natural Resources, Transportation Planning, Watershed Protection, Stormwater and ESA Water Quality)
- **Timothy Blackwood – Pali Consulting, Inc.** (Geotechnical Engineering)
- **Lina Hasanzada – PDX Custom Woodwork, LLC** (Kitchen Cabinets, Bathroom Cabinets, Commercial Cabinets, Residential Cabinets, Countertops)

DBE Participants (cont.)

- **Ben Condol – Protech Excellens** (Technology and Construction Engineering)
- **Dana Minthorn – R&D Construction Company & Daughter, LLC** (Site Development, Trucking, Earthwork, State Highways, Road Building)
- **Casey Overcamp – Stratoscape Drone Services** (Construction Survey/Documentation, Post-Survey, Pre-Survey, Public Outreach, Security)
- **Kimberly Caminschi – UWD PreBuild, Inc.** (Site Work, Utilities)
- **Ranea McCoy – Yoccm Distribution, Inc.** (Cleaning Supplies)

Introductions (Primes)

Walsh Construction Company

Project Improvements

Phase 1 Schedule

* Scheduling of Phases 1B, 1C and 1D is currently tentative and will be refined fall 2021.

Phase 1A Details - West Linn

- 1 Update Willamette Falls Drive/OR 43 intersection. Includes multi-use path.
- 2 Southern limit of I-205 roadwork at West A Bridge.
- 3 Interim I-205 northbound ramp connection to OR 43.
- 4 Construct final configuration of OR 43 roundabout, northbound entrance and southbound exit ramp.
- 5 Update OR 43 intersection at I-205 southbound ramps.
- 6 Abernethy Bridge seismic upgrades and widening.

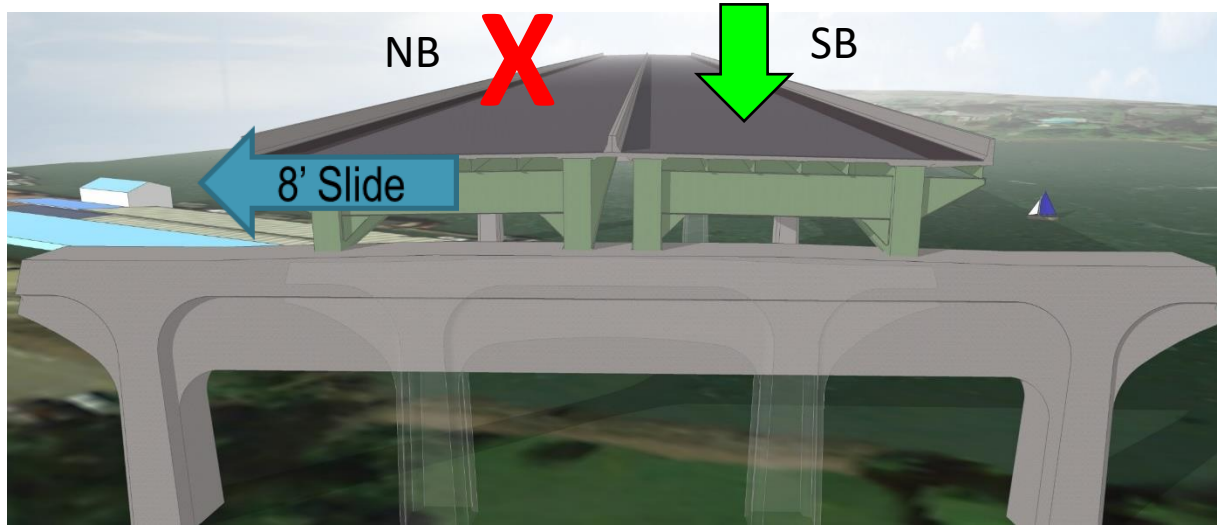

Phase 1A Details - Oregon City

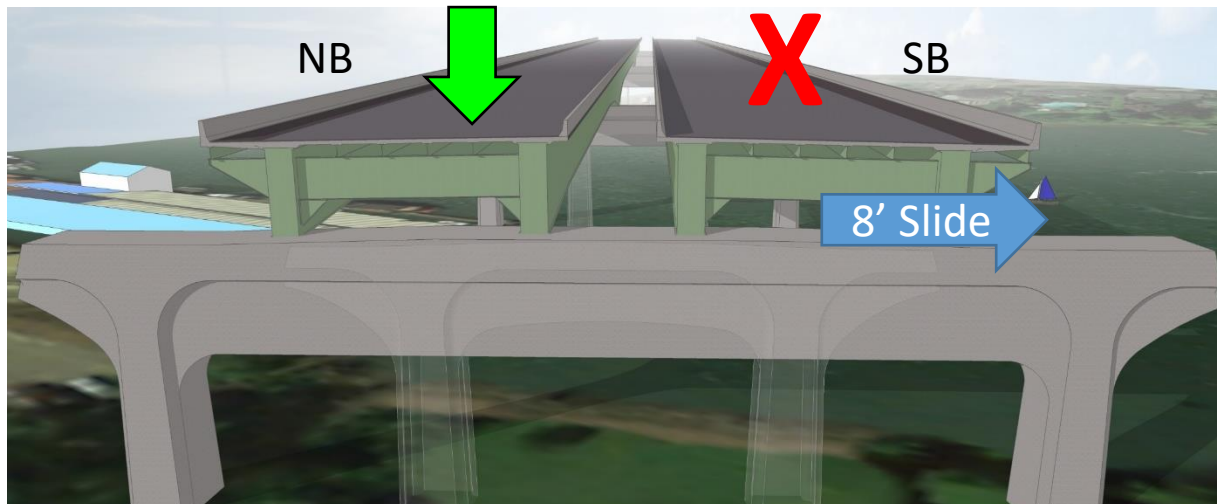

- 7** Construct final configuration of OR 99E southbound and northbound ramp intersection, OR 99E entrance ramp and Clackamette Drive walls. Includes multi-use path.
- 8** Construct wall at Main Street.
- 9** Construct half of the configuration of northbound entrance ramp. Final configuration dependent on Main Street Bridge work in Phase 1B.
- 10** Northern limit of I-205 roadwork at Main Street Bridge.
- 11** Construct sound wall.
- 12** Re-stripe southbound lanes from two lanes plus an auxiliary lane to three lanes between OR 213 entrance and OR 99E exit. Install rumble strips.
- 13** Sign bridges for new southbound traffic configuration.

Abernethy Bridge Construction Staging

1: Widen each side and slide one direction

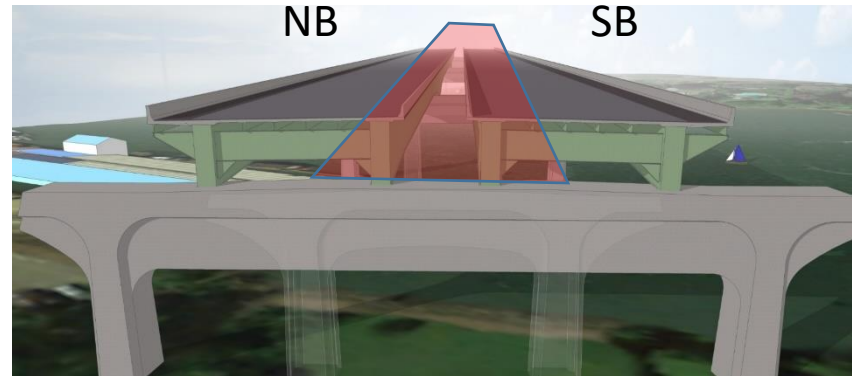

2: Slide the other direction

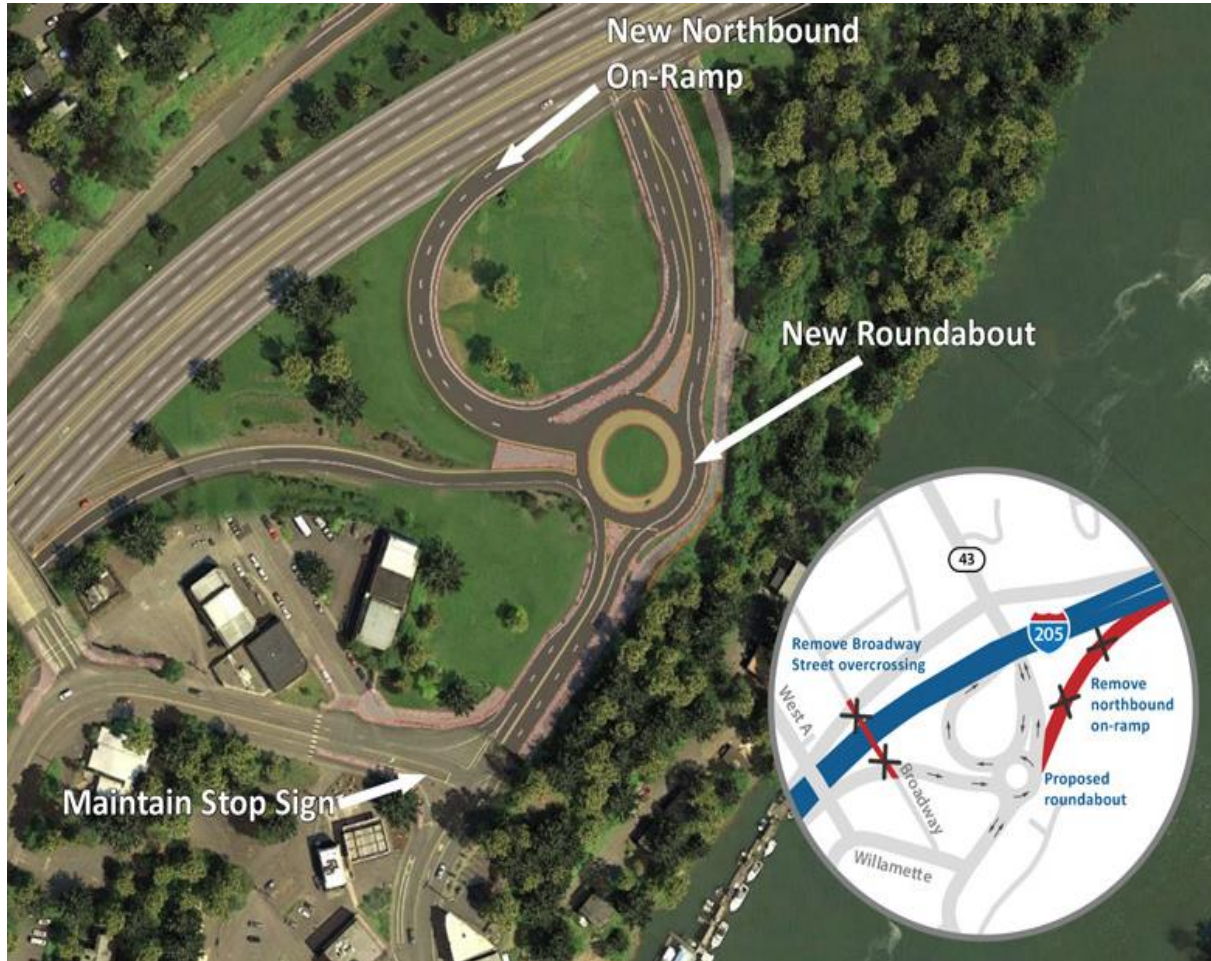

Abernethy Bridge Construction Staging

3: Construct the interior section

The new Abernethy Bridge, shown here with new strengthened columns, will be able to withstand a major earthquake

Interchange Improvements

OR 43

- New roundabout
- New multi-use path along OR 43 to Willamette Falls Drive
- New rapid flashing beacon and crosswalk across OR 43 to Willamette Falls Drive and West A Street

OR 99E

- Realigning/widening on- and off-ramps
- New multi-use path
- Two new sidewalks

A+C+D Procurement and Schedule – Phase 1A

Technical Approach and Qualifications Under Development:

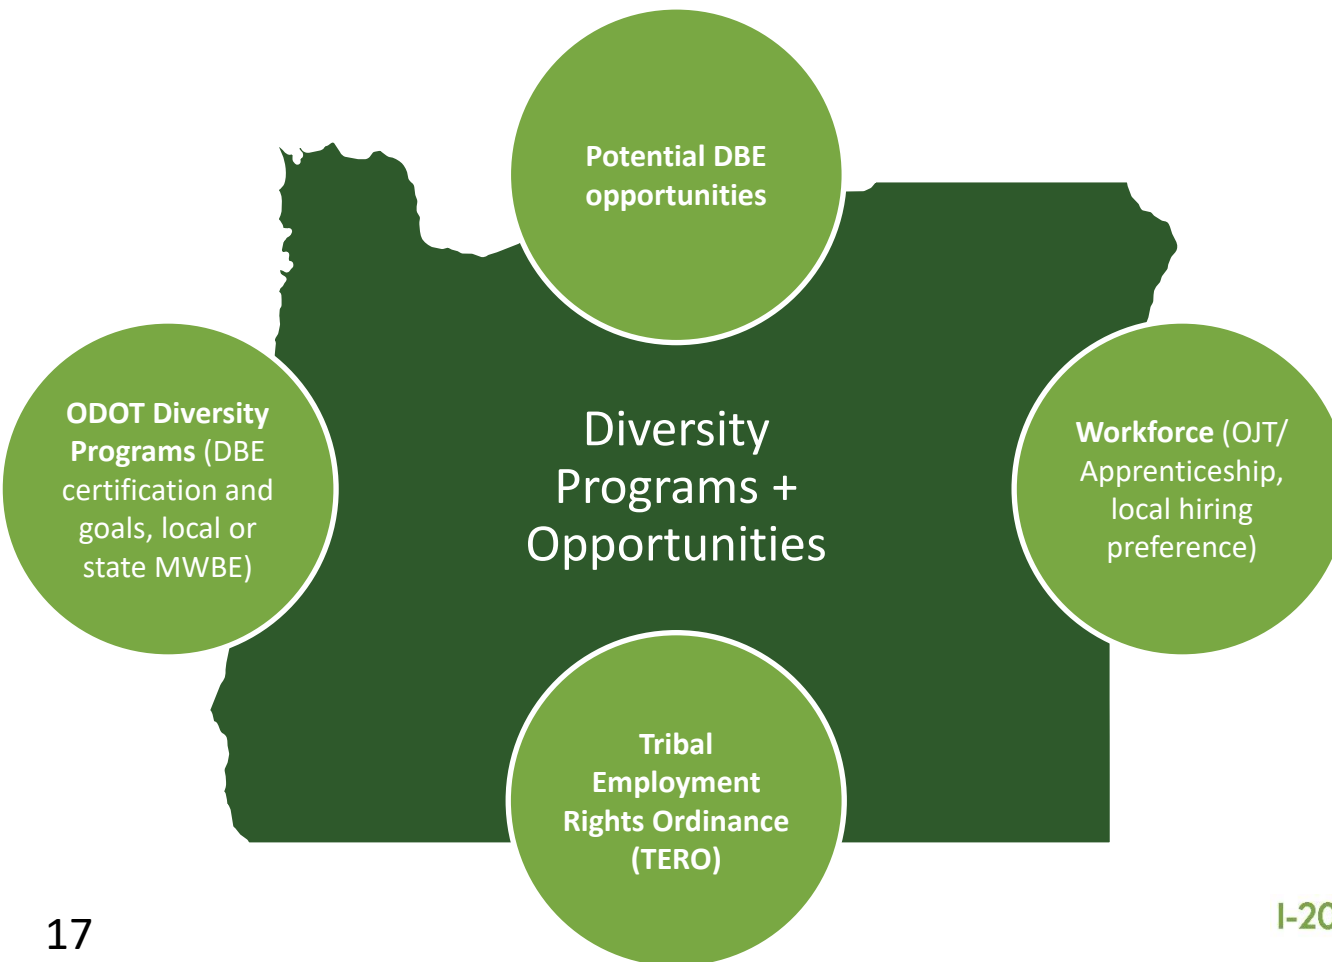

- Bridge construction – slide, drilled shafts, ground improvements, marine access, temporary work bridges
- Maintenance of traffic
- Permit compliance
- Temporary traffic control
- Diversity programs

Schedule Critical Item:

- Advertisement – 12 weeks (Anticipated early December 2021)
 - 8 weeks for technical, 4 weeks for price
- Anticipated Notice of Intent to Award - early March 2022
- Anticipate NTP – mid-April 2022

Diversity Programs + Opportunities

ODOT will implement DBE/workforce goals and require a Diversity Plan for the project.

ODOT is also applying to FHWA's Enhancing Workforce Development Opportunities Contracting pilot program, which would allow for local hiring preference among select zip codes.

Potential DBE Opportunities

Categories of opportunities include:

- Stormwater and Trenching
- Temporary Work Bridges and Access Roads
- Concrete
- Drilled Shafts
- Electrical
- Vegetation and Planting
- Excavation and Trucking
- Guardrail
- Professional Services
- Asphalt Paving
- Signage and Traffic Control

See detailed list of over 100 opportunities at:

<https://i205corridor.org/construction-workforce>
